

MOVE IT.™

ROWE

BY BOSA PROPERTIES

Welcome to MOVE IT.

We are a boutique, white glove moving company serving the Metro Vancouver area. We offer full packing services where our team arrives and packs up everything from your kitchen to your closet. Alternatively, we just arrive and move the heavy stuff. It's entirely up to you. We just want your move to be stress free.

There are no swappers or day labourers at MOVE IT. All team members are personally screened by management prior to any work. You won't find us swearing in front of your grandmother or smoking in your garage.

All teams are uniformed and selected for their commitment to customer service.

We've moved residences valued in excess of \$10 million and handled product worth \$150,000. We've also moved 500 square foot apartments.

MOVE IT. has been in operation since 2014 and was started by Todd Mosher. Todd previously worked for other moving companies in Vancouver and quickly realized that the level of service and care for the customer was lacking. After that discovery he started MOVE IT., where customer service and attention to detail are job # 1.

Please call today to arrange a no cost, no obligation, in house estimate.

Let us take the stress out of your upcoming move.
